

ANBL: Art Nobilitas Cryptocurrency
The World's Peer to Peer Art & Wealth System

GOLD AGREEMENT PROTECTION
[GAP]

Introduction

ANBL, the **Art Nobilitas** cryptocurrency (hereinafter “Nobilitas” or “ANBL”) has been conceived to be the reference international cryptocurrency, in the world of High Value Artworks, Gold Ingots Deposits, Valuable Antique Jewels and Precious Stones Deposits as diamonds, emeralds and rubies.

It is issued in an amount of 1,000 million units, and by this agreement, has a guarantee on the purchased price, per each different kind of package of ANBL, based on real Artworks or Gold Ingots or International Bonds.

This agreement is executed by and among:

- Each subscriber, as defined here below under the section “GAP/AAP/BAP Beneficiary”, of a package of ANBL units at the “protected price”.
- Superlab Technologies Georgia Ltd (hereinafter “Superlab”) as worldwide ANBL’s distributor.

Terms of the Agreement Protection [GAP/AAP/BAP]

Each package, under the protection system has the following starting prices:

GAP or AAP Standard Package	5,000 ANBL units	8,000 EUR/USD
GAP or AAP Group of 10 owners Package	5,000 ANBL units	10,000 EUR/USD
GAP or AAP VIP Package	50,000 ANBL units	79,000 EUR/USD
BAP Standard Package	5,000 ANBL units	10,000 EUR/USD
BAP Group of 10 owners Package	5,000 ANBL units	12,000 EUR/USD
BAP VIP Package	50,000 ANBL units	99,000 EUR/USD

Superlab can modify in each moment the said prices following the LMBA quotations of gold. Superlab will purchase from our selected partners:

- For the GAP protection program, Superlab will purchase, from our gold trader partner, per each 5,000 units sold package, one 100 grams gold ingot of at least 22 K and per each 50,000 units sold package, ten 100 grams gold ingot of at least 22 K.
- For the AAP protection program, Superlab will purchase from our artworks trader partner, per each sold package, an adequate number of paintings, with a certified value and authenticity confirmation, to cover at least the 120% of the paid price.
- For the BAP protection program, Superlab will purchase from the proper institutions (as i.e., governments, banks, authorized issuers) an adequate number of Bonds to cover the 100% of the paid price.

- Ingots or Artworks or Bonds will be deposited in a safe vault and properly insured. The safe vault will be located in a primary Switzerland or Italian bank or in a primary safeguard company (as i.e., Ferrari, Battistolli, Brinks) and blocked as ANBL's guarantee underlying.
- Each subscriber of the protection agreement will receive this personal, not sellable, not assignable "Protected Gold or Art or Bond Certificate" in his own name, or in the name of any company duly appointed by the receiver; he will also receive the details about the protective item (ingot serial number or artwork details or bond identification). funds must be transferred from his own bank account or from the company bank account to Superlab bank account;
- The protection program states that the owner of the certificate can request Superlab to buyback the purchased package, whatever could be the current price of ANBL, in exchange of the consignment of the offered guarantee (Gold ingot value, Artwork value, Bond value) hereinafter "Certificate Swap). The swap will be done by the current 22 K value issued by LMBA (afternoon fixing) of the requested swapping day.
- Superlab has the right to swap the package both with the selling value or the specific item offered as package protection.
- Certificate Swap Condition 1: the conversion ANBL VS. Gold or Art or Bond item, cannot be requested before 24 months after the purchase date. The purchaser has to have a middle term sight;
- Certificate Swap Condition 2: the conversion ANBL VS. protective items will expire when and if ANBL will reach at any moment a market price of 5.00 USD per ANBL unit and in this case protective items (Gold, Artworks, Bonds) will be at fully free ownership of Superlab. The certified and reference price of ANBL is stated by the daily quotation on Annurax Exchange trading platform.
- The present GAP/AAP/BAP certificate, can be transferred to inheritors in case of death of the subscribers, keeping the same rights, obligations and terms.
- If a subscriber has sold totally or partially his ANBL package and later would anyway like to enforce the Certificate Swap, has the duty to purchase on the market the specific amount of ANBL of the original package and use it to complete the Certificate Swapping.
- Superlab anyway encourages the package purchasers to trade ANBL units on the exchange platforms to benefit of an increasable value of ANBL.
